BRIGHT  
HOUSE

## OUR HISTORY

Bright House Trading LLC. started in the year 2000 as one of the leading companies in the Sultanate of Oman catering all types of Metal design , fabrication & the exclusive supplier of Lumes Chandeliers.

It's been successful with lots of various projects in the region. Some of the projects are ; Chedi Hotel in Muscat , Al Bahja Commercial Complex, Hilton Paris, Movenpick Hotel in Yemen, Crown Plaza in Belgium etc.

The Interior & Graphic design department was established three years ago and consists of a dedicated team of designers . We also provide fire protection & security systems ie. CCTV & intrusion alarm for various projects where required.

## INTERIOR DESIGN

Our design team is fully dedicated to give the customer a unique experience of transforming his dreams into reality .

We create a design that is affordable, sustainable & unique in concept and idea. Originality is an integral part of our philosophy.

## What we can provide :

We design the project from scratch based on a very strong concept .

We provide all the required Autocad drawings and 3D renders .

We are responsible for managing the contractors to carry out the work upon client's request .

We can design any piece of furniture to suit the style of the project .

With Bright House Trading LLC , you can do any style you are after, whether it is ultra modern, contemporary, Arabic, French chic or eclectic.

We create harmony into your space where each room has a sense of synergy.

# SECURITY SYSTEMS & FIRE PROTECTION

MACKAL was founded in march 1982 in Antelias and Achrafieh, Lebanon. It started its activities with safes, fire extinguishers, shredders and check writers.

3PRO is a sister company of MACKAL ,and has a very good experience and history in Lebanon, and its starting introducing its new activities in Oman with new products and high qualities.

## OUR PRODUCTS

SAFES

INTRUSION ALARM

CCTV

FIRE ALARM

AUTOMATION SYSTEM  
FOR GATES

FIRE EXTINGUISHER

## SAFES

Protecting your valuables and vital records from fire or theft is your main business. For decades, we have been dedicated to the toughest and most secure safes, depositories, and lock boxes in the world.

## INTRUSION ALARM

When your security staff cannot be everywhere at once, your security system can. People want to be able to sleep soundly at night safe, knowing that there is no chance of anyone breaking into their home , shops or companies without it triggering an alarm and calling the police

## FIRE ALARM

Fire alarms are among the most common household safety devices with good reason; a well-placed smoke detector can be a serious life saver if a fire breaks out. And since they are so inexpensive there is no excuse not to have at least one at your home or business.

## CCTV

We aim to increase the popularity of HD-CCTV products and enable them to go into our daily life, business-industrial area, and the public environment. People are comfortable to see security products around them. We dare to challenge and implement new technology, and bringing new vision.

## AUTOMATIC SYSTEM FOR GATES

Gate automation has become increasingly popular in recent years as different type of electric gate kits are available for all types of applications, wether for swing gates or sliding gates in domestic or commercial situations. Beside enhancing the appearance of your home automatic gates increase safety and security and very convenient to use.

## FIRE EXTINGUISHER

A proper fire extinguisher is the best cost-effective defense against property damage from a fire. By choosing the right type, fire extinguishers save lives and property by putting out small fire or containing one until the fire department arrives.
